

ANDY DUNN

PRODUCER / DIRECTOR / CAMERA

I'm an experienced shooting director with a strong background in arts, travel and music documentary, delivering intelligent and entertaining films for the BBC, SKY ARTS, C4 and ITV. I'm passionate about telling warm, intimate, human stories with a strong photographic style and am a seasoned interviewer of high profile talent.

My style is informed by a love of cinematic feature docs and my work in branded content but always underpinned by traditional journalism, ethics and respect for the story and the people, at the heart of a film.
