

ANDY DUNN
PRODUCER / DIRECTOR / CAMERA

I'm an experienced and versatile shooting director with a strong background in arts, travel, comedy, sport and music documentary. I make intelligent and entertaining films for the BBC, SKY, C4 and ITV and have set the look and style of new series and formats.

I'm passionate about telling warm, intimate, human stories with a strong photographic style and am a seasoned interviewer of high profile talent.

My style is informed by a love of cinematic feature docs and my commercial work for descrying brands but is always underpinned by traditional journalism, ethics and respect for the story and the people, at the heart of a film.
